

Senior Environmental Planner

Barrie Office

Position Description:

Ainley Group is currently seeking a dynamic and driven Senior Environmental Planner in our Barrie Office. As the successful candidate you will be responsible for leading multi-disciplinary teams in the completion of large and small-scale environmental assessments related to Water, Wastewater and Transportation infrastructure across Ontario. This position will provide you with the opportunity to lead and/or participate in multi-disciplinary projects that will shape our growing communities and improve the landscape for future generations. The specifics of the position are as follows:

Responsibilities and Duties:

- Coordinate and lead the delivery of both Provincial and Municipal Class Environmental Assessments in accordance with the Environmental Assessment Act;
- Develop, lead and manage consultation and stakeholder engagement, including consultation with Indigenous Communities;
- Respond to and resolve stakeholder concerns;
- Prepare and compile all the necessary environmental documents;
- Liaise with clients, staff at affiliate offices and with project sub-consultants;
- Mentor and manage junior/intermediate staff; and
- Assist with the preparation of proposals for future projects.

Qualifications:

- Bachelor's Degree in Environmental Planning, Environmental Studies, Urban Planning, environmental Science or related field;
 - A minimum of 12 years of directly-related experience, preferably in a consulting environment;
 - Previous experience in completion of Provincial and Municipal Class Environmental Assessments;
 - Strong knowledge of Municipal, Provincial, and Federal environmental legislation;
 - Independent, organized and motivated team player with excellent oral and written communication skills;
 - Existing client relationships with Municipalities across Central/Southern Ontario and MTO would be an asset;
 - Strong people skills, and ability to work with wide variety of staff and clients;
 - Ability to prioritize multiple responsibilities and projects; and
 - Fluent with current software programs, including MS Office Suite & ArcGIS.
-
